Would you live alone and survive in the wild with no food, no water, and no modern equipment? Watch the Adventure Channel's latest reality show 'Adventure Man' which starts on 1st June to find out how to do it. The show is based on outdoor survival expert Harrison Magnum's adventures in the wild. Each week, Harrison himself will take you on a journey to dangerous and far-away places. Brave Harrison will travel with nothing more than the clothes on his back and a camera, which he will use to film his adventures.

In the first show, Harrison is travelling to the Amazon jungle. He is going to hunt for food and find a safe place to sleep each night. He will face dangerous animals like snakes, tarantulas, jaguars and crocodiles.

In the second show, Harrison is travelling to icy-cold Antarctica. He's going to build an ice home to live in and fish for food in the freezing ocean.

Will he survive in this tough environment?

Watch this amazing programme to find out.

The Adventure Channel's reality show last season, 'Survivor Women' was watched by more than one million viewers each week. We're sure that 'Adventure Man' will be just as big a hit!
